

CANTONESE AND SZECHUAN CUISINE

Luncheon is served 11:30–2:30 daily.

Welcome to the Lotus Garden, the oldest family-owned and operated Chinese restaurant in Tucson. Since 1967, the Wong Family has been pleased to serve the finest in Chinese cuisine. Our menu focuses on southern and northern style foods found in China. Chef Huang and his staff have been perfecting these dishes since 1995, and truly take a great deal of pride in their art.

Cantonese cuisine, found in the southern region of China, relies on quick stir-frying to sear the flavors of the meats and vegetables, which combine to create a light sauce that is not overpowering to the palate.

Szechuan cooking, a specialty in North-central China, focuses on hot peppercorn, garlic, and spicy bean sauce to add to its unique flavor.

Since the majority of our dishes are prepared to order, Chef Huang is happy to accommodate those of you who have strict dietary needs. Meals can be prepared without oil (steamed) or prepared without seasoning. Lotus Garden also offers a fine selection of wines, liqueurs, cocktails, and desserts to complement your meal.

Our family and staff sincerely hope you enjoy your dining experience!
